## SIXTH DAY

Of Maysville Chautauqua brought several fine treats—Maurer's story interesting—Last numbers today.

### TODAY'S PROGRAM

Afternoon  
Dramatic Lecture—Thomas Brooks Fletcher.  
Admission 35 cents. Children 15 cents.

Evening  
Song Recital—Miss Alice Nielson. (Promptly at 8 p. m.)  
Prima Donna Soprano.  
Admission \$1.00. Children 50 cents.

The interest in the Maysville Chautauqua continues and yesterday's programs interested all who attended. Fortunate indeed is the person who is to attend all the numbers, or in fact, any part of the programs.

Dr. E. F. Daugherty, the morning hour lecturer, gave his last talk, his subject being, "The Shams of Convention." His lecture was based upon Harold Bell Wright's famous novel, "The Eyes of the World." During his stay in this city Dr. Daugherty gained a large number of admirers by his earnestness and the effective way in which he presented his themes. It is with deep regret that the people of Maysville see him leave.

In the afternoon the American Girls gave a splendid concert. There are six members in the company and their program included vocal numbers and selections on saxophones, violin, cornet, piano, clarinet and other instruments. Their songs and character impersonations were satisfying and frequently quite amusing. This company seems to put to naught that old piece, "You Can't Play Every Instrument in the Band."

Not the least enjoyable of the week's entertainments was the "Mother Goose Festival" in the evening. One hundred young folks gave a forty minutes pageant that was very unique and appealed strongly to parents and friends, as well as to the boys and girls who took part. The entire pageant was presented in costume.

This was followed by a short, but very pleasing concert by the American Girls.

Frederick W. Maurer, the only survivor of the Stefansson Arctic expedition, was the lecturer for the evening and his wonderful story, "A Fight For

Life in the Arctic," was well illustrated and many of the incidents were intensely dramatic. Maurer was rescued September 7, 1914, after the world had thought the entire Stefansson party had perished.

### MRS. SALLIE INGRAM

Mrs. Sallie Ingram, a former Mason county lady, died at her home in Olive Hill, Ky., yesterday of typhoid fever. Mrs. Ingram was before her marriage a Miss Hanson and spent several years of her life in and about Maysville having lived at Summit. She is survived by her husband, two children, a father and mother, four brothers and three sisters. She was 23 years of age at her death. The remains were brought here this morning and will be taken to McKenry Chapel in Bracken county for the funeral and burial. Funeral this afternoon at 3 o'clock.

### SANDBAR OUT

The sandbar just below Aberdeen has at last come out after being hidden for almost eight months. The indications are that the river will remain low this summer and doubtless many will journey to this popular bathing beach. Quite a few of the boys were deporting themselves there yesterday.

Mrs. A. P. Brock returned to her home in Clarksburg, Ind., yesterday after a visit with her sister, Mrs. R. G. Knox of West Third street. Miss Mary Eunice Knox returned with her and will visit there about two weeks.

Miss Nellie Tolle returned to her home in Ashland, Ky., yesterday after a visit with her sister, Mrs. Henry Meyers, of East Second street. Mrs. Meyers accompanied her home and will remain there about two weeks.

Mrs. O. C. Henry and daughter, Miss Bruce, of Minerva, left yesterday for a three weeks' visit to her parents, Mr. and Mrs. William Menaugh at Williamstown, Ky.

Mr. Shirley Frost of Huntington, W. Va., returned home last night after a few days' visit with his parents, Mr. and Mrs. James Frost of Cherry street.

The First Presbyterian Church Prayermeeting will be postponed to Friday night, on account of the Chautauqua.

Master John Harper of Chicago is visiting his relatives Mr. and Mrs. R. M. Harrison of Commerce street.

Mr. Raymond Hutton of Newport, Ky., is visiting his aunt, Mrs. Annie Daly, of West Fourth street.

## 12 TO 3

Was the Amount of the Licking Administered to the Huntington Team Yesterday Afternoon and Maysville Continues to Occupy Third Place.

Again the Burley Cubs romped away with the game plum yesterday and this time they trounced the visitors by the delicious score of 12 to 3. French pitched for the locals and was touched for thirteen hits. The Huntington team played fairly good ball but they could not get around the bases at all. The three runs that they got were given to them.

Huntington scored two in the first. Schmeir and Ollum beat out a couple that should have been out. Fisher sacrificed and was safe on Wickham's error. Schmeir scoring. Distill passed. Raftery grounded out, Ollum scoring.

Maysville secured half of hers in the last half of the first. Coyle popped out. Wickham walked. Kaiser singled. Williams singled, scoring. French was safe on a lovely munt by Smith, Kaiser and Williams scoring. French went to second on a passed ball. Kohlbecker singled. Tinin singled scoring. French. Coyle singled scoring. Kohlbecker and Tinin. Wickham grounded out.

The locals scored four more in the third stanza. With one down Skinner singled. Coyle followed suit. Wickham took four. Kaiser hit for two. Skinner and Coyle ambled in. Williams also contributed a hit and Wickham and Kaiser crossed.

The lucky seventh brought the last two for the Cubs. Wickham was safe on Ollum's error. Kaiser grabbed another two bagger, scoring Wickham. Singles by Williams and Jones scored Kaiser.

The visitors gathered one in the ninth. DeLotell singled as did Gaffin. Schmeir was hit by a pitched ball. Ollum popped out. Fisher forced Schmeir and DeLotell scored.

### NOTES

Wickham is playing a sensational game on third. He is an excellent player and with another season's experience should go higher.

Williams secured four clean singles out of five trips to the pan yesterday. He is battling like a demon now and here's hoping that he keeps it up.

Umpire Tannehill is giving the best of satisfaction during this series. Of course some of his decision are poor but he is the best that has been here for many moons.

The game was one of the shortest ever played on the local field lasting only an hour and five minutes. After the third the teams seemed to play to get it over with as men on the bases were left entirely alone.

Charleston beat the Old Taylors at Frankfort yesterday and continues to occupy third place with Maysville. The locals can not possibly finish lower than fourth as there is one and one-half games between her and Frankfort. The team however expects to finish third and there is no reason why they should not.

Today is the last game of the first half of the season. The Huntington team will again be the attraction. The teams will lie idle tomorrow. The second half will begin Saturday when the Portsmouth Cobblers will appear again. The team is going good now and show every sign of being pennant winners in the second half.

## CARRANZA'S NOTE

End Crisis With Mexico—Document Sent By First Chief Short and Tone Friendly.

Washington, July 5.—Early resumption of friendly diplomatic conversations with the de facto government of Mexico to the end that peace and order may be restored in Northern Mexico and along the border is expected here to be the next step of the United States in relations with its southern neighbor.

The crisis precipitated by Villa's raid on Columbus, N. M., and culminating in the fight at Carrizal, Mexico, between American and Mexican troops, appeared tonight to have been dissipated by an amicable note from General Carranza presented during the day by his ambassador here, Eliseo Arredondo.

The note proposes that the differences between the governments be settled by mediation or by direct negotiations. It is remarkable for its brevity, its restrained and friendly tone and for the absolute lack of any of the strong, even insolent language which characterized the last two communications from the de facto government. It treats as a closed incident the exchange of unfriendly communications which brought war almost within sight.

No formal comment on the note was obtainable from State Department officials. A copy was forwarded to the White House immediately upon its receipt and President Wilson will determine the course to be pursued. The fact that Secretary Lansing completed his preparations today for a month's vacation to begin Friday, is regarded as significant, however, of a feeling on his part that the crisis is over.

Always for Mediation Principle  
As a matter of general principle the Washington government always has favored mediation of any dispute suitable for such procedure. There is every indication, however, that in the present instance it will be deemed desirable to conduct the coming negotiations directly with the Carranza government.

Members of the Latin-American diplomatic corps here are expected to make inquiry soon as to the attitude of the Washington government, in view of the statement of the Mexican foreign office that it awaits only a decision here as to whether mediation or direct negotiations would be preferable. Indications tonight were that the inquiries would be met with assurances that the two governments had reached a stage where they would not find it necessary to call upon the friendly services of their neighbor states.

### NARROW ESCAPE

Miss Blanche Riddle of Aberdeen narrowly escaped being drowned Tuesday night. She was returning from the Chautauqua and had reached the Ohio side of the river. She was attempting to step up on the ferry when she slipped and fell into the river. Had it not been for her presence of mind in grasping an iron bar and holding on until help arrived there might have been a different story. As it was she only received a thorough wetting.

### THE DAILY PUBLIC LEDGER

Published Daily Except Sunday, Fourth of July, Thanksgiving and Christmas  
By The Ledger Publishing Company, Maysville, Kentucky.

Local and Long Distance Telephone No. 46. Office—Public Ledger Building.

Entered at the Maysville, Kentucky, Postoffice as Second-class Mail Matter

For President—Charles E. Hughes of New York.

For Vice-President—Charles W. Fairbanks of Indiana.

#### A "LEADER" LEARNING

On the eve of a political campaign, President Wilson, referring to the European war says: "We are participants, whether we would or not, in the life of the world. The interests of all nations are our own also. We are partners with the rest. What affects mankind is inevitably our affair as well as the affair of the nations of Europe and Asia."

But in his address to Congress, December 8, 1914, when he declared that the country had been misinformed on the subject of preparedness, Mr. Wilson, advocating a "citizenry trained and accustomed to arms," said: "More than this, proposed at this time, permit me to say, would mean merely that we had lost our self-possession, that we had been thrown off our balance by a war with which we have nothing to do, whose causes can not touch us."

#### ROAR OF CANNON FAILS TO AWAKEN CANDIDATE HUGHES INDEPENDENCE DAY

Bridgehampton, N. Y., July 4—Chas. E. Hughes motored to the neighboring village of East Hampton today to review the Fourth of July preparedness parade and base ball games.

Independence Day enthusiasts marched up the road to the nominee's summer home about 1 o'clock this morning and fired the village cannon, a weapon that has had no service since the Revolution War.

The roar awakened the village, but the nominee, fatigued by a long day's work, apparently slept through it, for he did not recall it this morning.

#### WHITE SLAVERY AND WAR

"Just before this war we were working ourselves up about 'White Slavery,'" says Earle Harrison in the July Woman's Home Companion. "The loss of only one pure girl was given pages of space in the newspapers. But imagine your country attacked from outside; put half a dozen drunken foreign soldiers in your house, and the loss of your own daughter will be such a small incident that nobody will notice it—except you."

### BOYCOTT

Of German Business After War Ends  
Leaders Claim—Allied Finance  
Chiefs Do Not Plan Trade  
Wall—Purpose of Confer-  
ence Was to Keep  
Competition Clear.

New York, July 5—There seems to be some misunderstanding about the purposes of the Allied Economic Conference which began in Paris on June 14. There is no misunderstanding, however, on the part of the international financiers who were in conference in London a little over a year ago, when the first suggestion of a meeting of representatives of the allies was made.

It was one of the American financiers who attended the first meeting in London who suggested that the customary red tape and formal etiquette of diplomacy be abandoned, and that those who represented the allies get together as quickly as possible and without any ceremony. The first result of this suggestion was a cable dispatch to the Finance Minister of Russia, in which he was asked if he would attend a conference at Paris. So, also, the French Finance Minister was invited, and he responded quickly, as did the Russian Finance Minister.

As soon as practicable a meeting was held at Paris, and at that meeting the first details of co-operation, economic and financial chiefly, were agreed upon. It was then decided to hold a second conference, in order to perfect these plans for co-operation. That second conference was held last winter. It was final, excepting that there was agreement for a supplementary conference, which was to discuss certain trade and commercial propositions which are not of present importance, but are in line of preparation for trade and commercial action to be taken after the war ends.

No Chinese Wall Planned  
There was no understanding that this supplementary conference would be held to devise ways and means for choking Germany industrially and commercially after the war ended. The Baron d'Estournelles d'Constant, who, although a strong advocate of world peace, nevertheless, as a member of the French Senate, has given earnest support to all measures taken by France for defense, communicated to some who took part in the conference last week that it would be a suicidal, worse than childish, policy if the allies were to attempt to build a Chinese trade wall around Germany. There are intimations that the Baron was informed that there was no purpose of that kind.

It is probable that the chief purpose of this conference is such co-operating agreement as would make it impossible for Germany or any nation to exact from Russia or any other country commercial treaties of the kind Germany did exact from Russia shortly after the latter's war with Japan was ended.

One of the international financiers, who sared in the conferences held in London last year, said this morning that nobody of ordinary intelligence would support any proposition which had in view the choking of Germany industrially and commercially after the war is ended. On the contrary, there is every reason for encouraging trade with Germany, for the German markets should be among the largest in the world after peace has come. Certainly the United States would not tolerate an unfair proposition of that kind, for even from a selfish point of view this country should encourage great commerce between Germany and the United States.

#### Want Freedom of Trade

There is, it is believed, no possibility of any agreement on the part of this conference in support of a plan to boycott Germany. What the conference aims to secure is absolute freedom of competition. This was something which Russia sought and her leaders said was denied to that country by Germany.

In an address delivered a few days ago in this city by a man familiar with commercial conditions in South America, he stated with emphasis that the new principle of trade is not reflected by the old apothegm, "Trade follows the flag." Some time ago a leading business man stated that it had been discovered that trade, while it is influenced by the rails—that is it is, by new railroads—does not follow exclusively the laying down of railroad track. The new principle is that "Trade follows the loan." To that country from which the loans come will the trade of the country go which has received the benefits of these loans.

One of the comments which have been heard since the new and skillfully negotiated Russian loan of \$50,000,000 was completed, was reference to the fact that since the United States began to lend money to Russia a year and a half ago our trade with that country has greatly increased. This, however, is not regarded as perfectly justifying the statement that "Trade follows the loan." Russia was in emergencies for a time, needing munitions of war and other apparatus necessary commodities were obtained

### RECORD OF THE PAST

No Stronger Evidence Can Be Had In  
Maysville

Look well to their record. What they have done many times in years gone by is the best guarantee of future results. Anyone with a bad back; any reader suffering from urinary troubles, from kidney ills, should find comforting words in the following statement.

Mrs. John Burns, Maysville, says: "I was subject to severe spells of backache and kidney trouble. They came on every three or six months and at times I was confined to bed and almost helpless. I used Doan's Kidney Pills and they gave me quick benefit. Since then when I have noticed slight return attacks of backache, I have used Doan's Kidney Pills and they have never failed to quickly check the trouble."

OVER SEVEN YEARS LATER Mrs. Burns said: "The statement I gave before praising Doan's Kidney Pills still holds good. I know that this medicine acts as represented."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burns has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

In the United States and Russia facilitated payment for them—this payment being necessarily cash or its equivalent, as we imported very little from Russia—by borrowing the money here or obtaining financial assistance from Great Britain. Nevertheless it is regarded as certain that Russia will become a very large customer or commodities produced in the United States after the European war is ended.

#### New Spirit in France

Frequently comments have been heard expressing some astonishment and entire satisfaction at the evidences of a new national spirit in France—a spirit reflected by dignity, earnestness, sincerely and wonderful patience. These qualifications were expected of Germans, but not until the war were they commonly ascribed to the French. Now Russia is commanding attention by reason of the evidences of a new spirit which animates her leaders and her people, and it is sometimes said that one of the compensations for the enormous sacrifices entailed by the war is the development of a new spirit not confined to the allies, but shared with them by Germany and Austria.

The opinion commonly expressed in business circles and in the financial district is that the Presidential year of 1916 is to be unique because, no matter how great the interest in Presidential politics may be, it will not, as in other Presidential elections, cause business to become sluggish. Industry and commerce are to be as active throughout the campaign as they were before it began.

The United States Public Health Service has reduced typhoid fever 80 per cent in some communities.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years doctors pronounced it to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. ## DRIVE IS "BEGINNING OF END"— SAYS BELGIAN WHO ASSERTS ALLIES ARE PREPARED TO "SEE IT THROUGH TO FINISH"

New York, July 4—The great combined British and French drive against the Germans between the Rivers Aisne and Somme, in France, is "the beginning of the end," in the words of Baron De Caters, a Belgian, wearing the decoration of the Legion of Honor, who arrived in New York today on board the Rochambeau from Bordeaux.

"We knew beforehand," he said, "that the drive would not begin until we were prepared to see it through to a finish."

Baron De Caters refused to make another comment on conditions abroad on the ground that he is here on official French document stating that he was here on a mission for the French Government to study and report economic conditions in the United States.

Dr. Herbert Adams Gibbons, a newspaper correspondent in the Balkans and the Near East for many years, was also a passenger on the Rochambeau as the official delegate of His Holiness the Armenian Catholic of Etchmiadzin, in Russia, to the American Government to present the full truth about the condition of the Armenian people in Mesopotamia.

He says the reports that the Armenians will be exterminated by starvation and disease if food and medical supplies are not sent to them in great quantities before autumn are true.

In February Tampico, Mex., shipped 987,516 barrels of crude oil to the United States. In February of 1915 the amount was 746,154 barrels.

## NEW SUBMARINE WARFARE OF A RUTHLESS CHARACTER IS PLANNED BY GERMANY

Copenhagen, July 4—In retaliation for England's action in abandoning the principles of the Declaration of London, Germany purposes to begin a new submarine warfare of the most ruthless character despite any protests, says Captain Persius, the naval critic of the Berlin Tageblatt, Germany, says Captain Persius, intends to try to force England to follow the rules of the Declaration of London.

Germany now has a number of new submarines and is in a position to wreak great havoc on British shipping. Submarine efforts will be concentrated toward the destruction of ships carrying munitions to France, it is said.

Captain Persius says further that it has been suggested that Germany make representations to Washington to learn what attitude the United States would take if a new war of underwater boats is begun.

## HUNDREDS OF CONVICTS ANXIOUS TO JOIN ARMY

Washington, July 4—Begging for pardon at the price of possible risk of their lives, hundreds of inmates of prisons are sending an avalanche of letters to the White House, to the War Department and the Department of Justice, declaring that they gladly will accept freedom on condition that they enlist for service in Mexico. Officials look unfavorably on the appeals, feeling that the morale of the army might be lowered should the ranks be swelled by these men. The letters have been referred to the Attorney General.

## Soprano, Famed Internationally, to Close Local Chautauqua With Concert

MISS ALICE NIELSEN.

MISS ALICE NIELSEN, in a concert on the last night of the local Chautauqua, is to be the headline musical attraction. Her reputation as a star in light opera and later as a grand opera prima donna is such as to assure patrons a most gratifying musical program.

Miss Nielsen is a native of Nashville, Tenn. Her first stage appearance with an opera company was at Oakland, Cal., as Yum Yum in "Mikado." She joined the Bostonians in 1896 as Annabel in "Robin Hood." Some of her greatest light opera successes were in "The Serenade," "The Fortune Teller" and "The Singing Girl." In grand opera she scored unequalled triumphs in "La Boheme," "Rigoletto," "Faust" and many others. She is coming to this city in a private car and will have the entire program on the Chautauqua's seventh night.

## MEXICAN WOMEN OFFER TO FORM AMAZON CORPS

Mexico City, July 4—A call was sent out today by the Federal Board of Health for a meeting of medical men for the purpose of forming a corps to serve in the event of a foreign war. Volunteers under 50 years of age are called for, and it is planned to form those who serve into three groups in accordance with their age and previous experience. The younger men are to serve in the emergency field hospitals, while the other men will serve in hospitals in headquarters and in towns.

Supplementing this call is one for women who are to receive emergency training for field services as nurses and the further proposition is made of establishing some medical factories to offset the danger of having supplies usually furnished from the outside, cut off.

Offers have reached the army headquarters from several sections proposing the formation of "Brigades of Amazons," it being said that women to the number of many thousands desire to serve in the event of war, and ask that they be trained in the manipulation of the rifle. Two thousand of these women are reported to have offered their services in the State of Sonora and others in the West coast and Southern States have followed their example.

## FEAR FELT AT HAVANA FOR SAFETY OF VESSEL CARRYING REFUGEES FROM VERA CRUZ

Havana, July 4—The steamship Monterey, of the Ward Line, laden with refugees bound from Vera Cruz to the United States, is overdue here and considerable anxiety is felt for her safety.

A West Indian cyclone was raging in the Yucatan channel when the Monterey passed.

She has not been reported at Vera Cruz or at this port, where she was due to arrive this morning.

Health may be wealth, but you can't make a doctor believe it.

Love may not be blind, but it's awfully near-sighted.

## What the Doctor Asked

One of the questions the examining physician for life insurance is apt to ask the applicant whose heart is skipping beats or is fluttery is—

"Do you use coffee?"

The reason coffee is suspected is because the physician knows that the drug, caffeine, in coffee disturbs the nervous system, races the heart, and is responsible besides for conditions which often become serious.

It's a good thing to stop when one reaches the danger zone. It is better still, to safeguard health and avoid trouble by quitting coffee and using the famous pure food-drink

# POSTUM

This delightful beverage is made of finest wheat, roasted with a little wholesome molasses, and while it tastes much like mild Java coffee, it contains only the nourishing goodness of the grain—no coffee—no drug—no harmful ingredient whatever.

There are two forms of Postum. The original Postum Cereal must be boiled. Instant Postum—a soluble powder—is made in the cup with hot water—instantly! Both forms are equal in flavor, and cost about the same per cup.

Thousands of people have found the way to renewed health by a change from coffee to Postum. There are no coffee "questions" in Postum.

### BIG DOINGS

At Twenty-Eight Annual Reunion of Old Settlers at Ruggles Campgrounds Tuesday.

The Old Settlers' Association of Mason, Fleming and Lewis counties held their twenty-eighth annual reunion and picnic on the Fourth at Ruggles Campgrounds. The largest crowd that has ever attended one of these reunions was present, and this too in spite of the fact of the many attractions at Maysville with her chautauqua, and double-header base ball games, and Flemingsburg with her big Fourth of July celebration with Governor Stanley as a special drawing card. It goes to show that these reunions are becoming more popular each year, and that people in general are celebrating the nation's birthday with greater unanimity each year. It was an ideal day—the great crowd gathered early, the program was fine, and there was plenty of dinner for everybody, including the band, and a fine spirit of fellowship. Maysville's band furnished most excellent music, delighting everyone with their numerous patriotic and popular selections. The big attraction of the day was the address of Dr. C. W. Blodgett of Cincinnati who spoke on "America and What Our Nation Stands For." Without exaggerating one bit it can be truthfully said that it was the best patriotic address ever delivered on Ruggles Campgrounds. Dr. Blodgett is a fluent speaker, has a splendid voice, has traveled extensively and draws his lessons from a long life of rich experiences. He made a hit by calling all old veterans of the civil war, both the blue and the gray, and Spanish war veterans, to the platform, and many times during his address he referred in glowing terms to their work for their country. So well is the Doctor liked at Ruggles the probability is that he will be the second Sunday preacher for the coming campmeeting.

In the afternoon the Junior Order of American Mechanics over a hundred in number, with flags waving and banners flying, led by the band, marched from the pike to the grounds and assembled in the tabernacle to listen to an excellent address by Dr. Wagoner a representative of their order. The election of the officers of the Association officers resulted in the reelection of the old officers under whose efficient management these annual meetings are proving so successful. This is especially true of the president Col. W. H. Thomas who is untiring in his efforts to see that everyone who comes on the grounds has a good time. The officers re-elected are: President—Col. W. H. Thomas, Lewis county. Vice President—I. M. Lane, Mason county. Vice President—J. Luther Markwell, Fleming county. Secretary—J. H. Richardson, Fleming county. Treasurer—J. F. Thomas.

The grim reaper has had a rich harvest among the old settlers during the past year. Over twenty names of those who passed away during the year were read. At the last annual meeting a resolution of sympathy was sent to the Hon. Vincent H. Perkins who because of illness was unable to be present. Mr. Perkins has always taken a deep interest in the Association and never failed to attend its meetings if possible to do so. His illness still continues so a beautiful letter written by him to the association thanking them for their expression of sympathy and assuring them of his continued interest in the Association was read by Rev. C. B. Plummer.

The Board of Directors of Ruggles Campmeeting Association met Tuesday on the campgrounds to award the privileges and to complete arrangements for the coming campmeeting to be held from Thursday, July 27th to Sunday, August 6th. The privileges were let, as follows:

Hotel to Morris and Hinton. Confectionary to Jones and Dowd. Baggage room and barber shop to George Kelly. Stables to Foxworthy Brothers. W. D. Hendrickson will be chief of police. William Sons and wife will look after the cottages and lights. Rev. E. R. Overley and W. H. Davenport will superintend the services and the ministers of the Ashland and Covington districts will do the preaching. President Franklin of Union College will be the first Sunday preacher and evangelist for the second week. Rev. A. W. Hamilton will have the young people's meetings. Miss Virginia Mae Hurd will conduct the children's meetings. J. H. Richardson will have charge of the music as choir director, with Miss Kate Frye as accompanist, and Rev. A. Wade Rowe as cornetist. The ever popular Roddever song book "Songs for Service" will be used in all services. There is every assurance of the most successful campmeeting ever

held. Mr. I. M. Lane is ready in a quindry as to how to supply all who want cottages to camp in. Anyone desiring to attend had better see or write to him soon or there may not be a place to look in.

A large number of ministers were present Tuesday surveying the situation from every angle. They are agreed that it will be a good campmeeting and that the crop of beans, mutton and fried chicken will be above the average, with an extra abundant crop of honey to keep every one sweet. The following ministers were present: Revs. W. H. Davenport, E. R. Overley, W. H. Morris, J. M. Literal, Luther Godbey, H. G. Carroll, C. B. Plummer, A. F. Felts, G. B. Wagoner and Dr. C. W. Blodgett.

The pikes to the campground are a little better than last year, but they do not appear to have shared to any extent in Lewis county's big good roads' bond issue.

Hon. J. H. Hiles of Bracken county, candidate for the Democratic nomination for congress, was a mixer in the big crowd during the day.
